COMMERCIAL CANNABIS LICENSE APPLICATION Attachment Summary

The following is required for ALL License Types:

Property Owner's Statement of Consent

Provide a notarized written statement from the property owner granting permission to use the property for each commercial cannabis license type under application, specifying the business name, street address and parcel number.

Site Plan

Provide a copy of the Site Plan that will be submitted for the Use Permit Application, at the Community Development Department. A site plan should be a detailed scaled plan that includes any cultivation sites, all buildings, structures, driveways, parking lots, landscape areas, wells, septic systems and boundaries. The site plan must be professionally prepared by a licensed civil engineer or architect.

Floor Plan

Provide a scaled floor plan for each level of each building that makes up the cultivation site, including dimensions, entrances and exits, interior partitions, walls, rooms, windows, and doorways.

All applicable cannabis activities must include the following on the plan: storage, batch sampling, loading/unloading of shipments, packaging and labeling, extraction, cultivation, or processing.

If the premises is on a property that will contain two or more licenses premises, it shall clearly show the designated entrances and walls under the exclusive control of the applicant for the premises, as well as the entrances and walls for each additional premises. All common areas must be labeled on the plan, such as lobbies, bathrooms, hallways and breakrooms, if applicable.

Waste Destruction/Management Plan

Provide a waste management plan that includes how cannabis will be stored onsite, destroyed (rendering it unrecognizable and unusable), and disposed of or composted. Include any waste hauler (solid waste and hazardous waste) and permitted solid waste and hazardous waste facilities. All waste disposal must comply with all local and state laws.

Odor Control Plan

Provide a detailed plan describing how the applicant will prevent all odors generated from escaping the buildings. Show the location on a floor plan of where the equipment will be installed and include equipment specification sheets.

Security Plan

The San Joaquin County Sheriff's Department will be approving the following security plan and all requests for supplemental information may come directly from them.

Provide a security plan that includes the following:

- A sample of the Employee Identification cards including each employee's name and picture that the business will create and provide to all employees to be worn by employees at all times they are on site
- The size, type and location of a perimeter fence (chain link with privacy slats or netting/solid construction)
- Surveillance equipment (1080p quality with DVR or cloud based back-up)
- Alarm system (comprehensive & professionally monitored)
- Onsite armed security guards (licensed)
- Lighting plan (exterior & perimeter)
- After hours emergency contacts

The security plan will be evaluated from a public safety perspective intended to address the safety of the public, deputies, and employees alike.

Background Check

A background check application will be given to the applicant at time of submission. It must be completed for each owner and submitted to San Joaquin County Sheriff's office. The application will run an initial criminal history report to start the background check (which may take several months). If the initial criminal history report is approved you must return the sign off to the Environmental Health Department within 10 days to complete this portion of the application.

All owners will undergo a background check and the application may be denied based on the totality of circumstances in which ANY owner has been convicted within the last 5 years of any felony involving trafficking, manufacturing, or cultivation a federally controlled substance or crime(s) of violence, weapon violation(s), and/or criminal conviction(s) which indicate a propensity to abuse positions of trust within an organization and the community such as theft, embezzlement and/or fraud.

The Following plans are only required for specific License Types:

Cultivation License-Additional Plan Requirements

Pesticide Plan

The San Joaquin County Agricultural Commissioner's Office will be approving the following pesticide plan and all requests for supplemental information may come directly from them.

Provide a pesticide plan that includes details of all planned pesticide use for ALL agricultural activities conducted on this parcel. Identify which pesticides are to be used on cannabis crops. **Also, include the Cal Cannabis Cultivation Licensing Pest Management Plan.**

Any changes to the pesticide plan must notify the county and submit a revised Pesticide Plan prior to implementing changes. A Cultivator Licensee must store all pesticides in an enclosed area with proper warning signs.

Manufacturing License-Additional Plan Requirements

Fire Mitigation Plan

The Deputy Fire Warden, of the Community Development Department will be approving the following Fire Mitigation Plan and all requests for supplemental information may come directly from them.

Provide a Fire Mitigation Plan that identify the following:

- Total amount and storage location of combustible and/or flammable liquids.
- The system or equipment used for the extraction.
- Information on gas detection system components.
- Information of emergency shutoff system.
- Location and types of hazard identification labels and signs.
